

**Chestermere
Regional
Community
Association**

Date: June 2010

From: CRCA Summer Daycamp Program

RE: Formal Request for Donations

To Whom it May Concern:

The Chestermere Regional Community Association (CRCA) is a not-for-profit organization focused on providing all individuals with the opportunity to participate in affordable recreational programs and events throughout the year. Families in Chestermere and the surrounding area have expressed a need for full time summer care for their children, and the CRCA is key to help fill this need. The CRCA has been running a summer daycamp for the past few years with great success, and this year will be no exception. Our program relies on the support from companies such as yours to make the experience a positive one for all children involved.

Please consider assisting our program this summer in one of the following ways:

- Donation of small promotional items (approx 60) that the camp can use as prizes or souvenir items for the kids.
- Donation of craft supplies, games, or sports equipment

On request, the CRCA may be able to provide a tax receipt to the donating company for any donation received. If you require additional information please do not hesitate to call Dustin Pivarnyik or Laura Ellis @ (403)272-7170 ext 225 or email foodservice@chestermercrcra.com.

Thank you for your consideration and support and we look forward to hearing from you.

Sincerely,

Dustin Pivarnyik
Summer Daycamp Coordinator
Chestermere Regional Community Association

Laura Ellis
